

SUPER BOWL READING CHALLENGE

Dear Parents,

We are starting a new reading activity today, _____. This activity is our classroom Super Bowl Challenge. It is a friendly competition to see which team can score the most points by _____ by documenting **reading at home**.

Student Responsibility:

- 1.) Each student documents their reading time at home on the official Super Bowl Scorecard sheet. Color one football whenever you have read for 20 minutes and have a parent sign to verify that you have read.
- 2.) Students will then cut out each football card, which represents 20 min. of reading and return to school the following day so we can keep track of the daily points scored. Each football you color is worth 6 points (a touchdown). For the extra point you will need to write the main idea of the story/or chapter that you had just read.

Parent Responsibility:

Your part (the parent) is to sign one football card for each 20 minutes your child reads for verification. Your child then cuts each signed football card off the sheet and returns to the classroom. We will keep track of team points on a daily basis.

Happy Reading!

Sincerely,

SUPER BOWL SCORECARD

= 20 min. of reading

Extra Point(Main Idea): _____

Parent Signature: _____

= 20 min. of reading

Extra Point(Main Idea): _____
